## From Day to Day

The leaves talked in the twilight

dear

How they tale they told—

I was in some far-off place and year.

Behind the world great old

I was a dreaming forest tree

You were a wild, sweet bird

That sheltered us the heart of me

Behind the north wind stirred

How, when the children came as still,

When peace fell soft on earth,

You stayed one golden hour to fill

My heart with this strange, old

Thought the self-same words we sang

The first green forest heard,

My heart and the gay world were young

To shelter you, my bird,

Behind the world great old

Natural History Movement.

A movement is on the table to

bring a society of Field Naturalists

to be organized, as these exist in many

parts of the East. Similar societies

take long trips all over the world

and are very "cosy" in the

## THE UNPATRIOTIC INDIFFERENCE OF THE CANADIAN MANUFACTURER.

The Canadian Grocer of Montreal gives the Canadian manufacturer some good plain advice regarding Western Canada and the opportunity he is neglecting in not establishing factories in the prairies.

The Grocer says: "Western Canada is calling now for industries and with as much reason as for the last thirty years she has been calling for settlers to cultivate her fertile prairies. For years the call for settlers went unheeded, but recently it has been answered by an influx of hundreds of thousands of sturdy tillers of the soil who have thus created a new and rapidly expanding market for manufactures of all kinds. Industries are urgently needed at the present time and business men in the Western Provinces, being on the spot, are quick to recognize the opportunities offered. Unfortunately, they have not themselves the capital necessary to establish manufacturing industries. On a sure foundation and the West must therefore look to the East for assistance. Golden opportunities are presented to the manufacturers who are first on the ground and the commercial history of the next five or ten years will determine whether Canadian business men have that faith in the possibilities of their own country that will induce them to grasp for themselves the business opportunities offered them in the newer Canada beyond the Great Lakes. It will decide whether Western Canada is to be developed by capital, owned or controlled by Canadians, or whether the choicest business opportunities will be grasped by outside capitalists."

While Western business men are doing more than perhaps these sentences would indicate to seize the opportunities about them, the general tenor of the paragraph reflects the situation to a society and the Canadian manufacturer is a singularly short-sighted set of industrial capitalists if they cannot see in it two things: First, an opportunity open today, and second, an opportunity that will not be open tomorrow.

These conditions should indeed have occurred to the manufacturers of Eastern Canada long ago, and without any elaboration and argument from the public press, which by itself, that gentleman in his Eastern office has been receiving larger and still larger orders for his goods from the Western provinces, and year after year his aggregate business in the West have been doubling and tripling in a manner that has kept his factory running day and night and confronted him with the ever-present problems of more room, more plant and more employees.

Every consignment of goods which has left his warehouse for the West was doomed to add the cost of a thousand miles of more of railway carriage to the price the consumer would have to pay for it. Added to this was the equally unnecessary circumstance that the consumer never knew how many weeks or months would elapse before the goods would reach him. And not infrequently his patience and persistent inquiry was rewarded in the course of time by the not very gratifying information that the consignment had been destroyed in a wreck, but that the railway company had not yet untangled the red tape sufficiently to pay him for it.

This condition has been a matter not of weeks or months, but of years. It is well known to the Eastern manufacturer, though not so impressively as to his Western customer. It surely requires no unusual genius on the part of the manufacturer to understand that this condition cannot last. To suppose that the biggest haul of the Dominion will forever await the customer of the Ontario manufacturer and the pleasure of the railway companies and then pay a thousand mile carriage charge on goods that could and should be made on the ground is to assault the business acumen of the people of the West.

More than this, if there is competition among the Canadian manufacturers, and we are assured on their

own authority there is, it should occur to some of these astute gentlemen that the factory located in the West should secure the business of the West against Eastern competition. The power of "local patriotism" in secure trade for "home industries" is a factor well understood by the proprietors of industrial concerns, and no manufacturer ever had so good an opportunity to enlist this factor in the development of their concerns as those starting enterprises in Western Canada, where delay in freight and excessive charges join the "local patriotism" of the consumer in urging him to buy the products of the home factory, the conditions should surely be ideal for the house manufacturer.

Despite these apparent facts the Canadian manufacturer has shown a wholesome and unwavering indifference toward the opportunities awaiting him in Western Canada. His factory is still located in Ontario and his business is still found in the West. He shows practically no inclination to "branch out", much less to remove his headquarters to the region of his business. When he shows any concern in this country it is to keep American goods from coming into it and lessening his profits. When he takes a trip it is not to look out factory sites in Western cities, but to Ottawa to threaten the Government with sure destruction if they do not raise the tariff. Aside from the periodical visits of his travelers the West knows and sees nothing of him. Aside from their hotel bills receives no benefit from the existence of the factory which it supports.

The opportunity which the Canadian manufacturer neglects today he will lament tomorrow. Premier Roblin to the contrary, the farmers of this country are growing very weary, tired of being told that it is their duty to pay more for their goods in order to support "home industries" two thousand miles away and to make "home markets" for the farmers of York county, Ontario. In the next few days the Canadian manufacturer's orders from the West will begin to fall off and when he investigates he will find the field occupied by "home" factories erected by American capital and directed by American enterprise. When this occurs the Canadian manufacturer will be entitled to devote his untroubled meditation to his own patriotic indifference.

If under the present low tariff the Canadian manufacturer can manufacture in Eastern Canada and sell them in the West against the competition of American goods, what would he not be able to do under the "adequate" tariff formulated by himself and propagated by the Opposition which he elects and dominates?

## ON THE SIDE.

An exchange announces: "Gas blowers eliminate strikes." Wouldn't it be a better word?

Cold Maclean has escaped from Raikoti. It is suggested that Raikoti, convinced at the escape, you see, Cold plays the bag-pipes.

The Winnipeg Telegram is so touched by the recollection of Geo. W. Woods' hard luck in Manitoba that it won't print the story of his encounter with the laws of Minnesota.

Half the miners are said to have left the Cobalt country. If they are tired handling silver ore they might come west and try handling golden grain in a few weeks.

Socialists are trying to inflame the Cobalt miners. A country whose times would elapse before the goods would reach him. And not infrequently his patience and persistent inquiry was rewarded in the course of time by the not very gratifying information that the consignment had been destroyed in a wreck, but that the railway company had not yet untangled the red tape sufficiently to pay him for it.

The Calgary News announces the Scriptures in this fashion: "A city, upon which the everlasting hills eternally look is in no danger of being lost to view." That ought to be capable of proof.

The New Westminster Columbian announces the somewhat startling intelligence that the "backers run backward". Nature must be equipping the salmon with reversible propellers.

There will be no revision of the United States tariff until flying machines are invented. Compulsory legislators refuse to trust themselves to flying scaffolding at that dizzy height.

Regina is in an uproar because the tower on the new city hall is not high enough. Businessmen consider the altitude of the tower should indicate something nearly the height of their city's ambitions.

Calgary Daily News: "The Calgary council should engage the services of the editor of the Edmonton Bulletin to take the census of this city." There have been too many editors monkeying with the job already.

An old gentleman appeared at the wicket of the Oyster Bay post office a few days ago and announced: "I am the devil, and am going to see President Roosevelt." And Mr. Harrison is thoroughly convinced there would be two "a kind at that conference."

Premier Roblin was invited at the exhibition opening to devote some attention to various seeds. Despite the gentle hint Colin Campbell continues to display his full-blown glory in the curio shop while Bob Rogers speechless himself like an acre of cabbage mustard.

Mail and Empire: "Sir Wilfrid Laurier, who will land in Quebec in a few days, is to be received by the 'influences now ruling the party with pomp and ceremony.' The reception tendered Sir Wilfrid were civic and non-political. The 'influences' therefore are presumed to mean the people generally. It is the boast of Liberalism that it is of the people, for the people, by the people. What would the Mail and Empire give to have its party ruled by similar 'influences' today?"

## Morals as Well as Gold.

Dawson, Y.T., July 22.—Alexander Henderson, governor of Yukon Territory, arrived at Dawson today and made a speech from the deck of the steamer in front of Dawson before landing. A big crowd assembled to hear him.

The new governor voiced the sentiment that moral diligence should be exercised as well as the striving to win gold. This reference to moral diligence aroused the suspicion among the miners that he has in mind the closing of the dance halls. Governor Henderson, however, in an interview intimates nothing definite concerning any proposed reform. He assumed the duties of his office today.

## EDMONTON TAKES LAST AT CALGARY

Kumar in Poor Form. New Players Fall Down. Score 8-3.

Calgary, July 21.—Edmonton made five out of six on the present home series by taking Saturday's game by a score of 8 to 3. The Chinooks have no excuse to offer for the beating. Edmonton played all around them, and the wonder is the margin wasn't larger.

Calgary had two of their new recruits in harness, and both made a fair showing. Considering they had been travelling on the train for four days, the first for the night's game. Rodgers covered first bag, and had two errors, and Sullivan, who was at center dropped a coming ball, but by both hit well, Rodgers getting two singles, and the other a run.

Kumar did the heaving for the home team, but was quite a bit off for the Legislature, while Heward, who was on for Edmonton, did not do much of a mystery and kept the bingles pretty well spread out. The score: Edmonton 8, Calgary 3.

Batteries: Blomfield and Kinnear; and Jones.

### LETHBRIDGE ROBBED

Game Called in Last Half of Sixth—Reason Unknown.

Lethbridge, July 20.—Englebe McQuiken gave the game of the night to the last half of the sixth, making a remarkable comeback. He called it on account of darkness. With Lethbridge at bat, and the Hatters deliberately waiting, and the light still good, the game was stopped. It had been close and hot. Kippert was pitching good ball, but allowed the winning run in on a rank error. Works was the opposite pitcher. Score 3-2 at the end of the fifth.

### BRIKES AND BOUQUETS

Kinnear is going back. Priest will do the umpiring. Five out of six from Calgary. T.V. Crut's turn on the rubber. Tonight's game will be called at 6.30. The Legislature will be "at home" to visiting teams until August 1st. Catcher Wilkinson is expected to join the Calgary team this week. Sullivan has the rep. of being the fastest in the league at base running. The night's music was a short one at Lethbridge when games are called in the sixth.

Lethbridge is playing better ball now than at any time during the season.

Calgary has to thank Sullivan for one of those talks. He stole home in the last innings.

Calgary will watch the performance of the new players before releasing any of the squad.

Jimmy Sullivan, Calgary's new general manager, will be given the glad hand by old Edmonton friends to-night.

At Lethbridge and the Hat Edmonton has had to beat the umpire as well as the opposing team to win.

There should be a great turnout of fans to-night to give Sullivan the welcome that is coming to him.

Down at the Hat the umpires are giving the home team all the best of it, according to all the visiting ones.

President Robinson was slow but sure in penalizing Grimes for his gestic encounter with Ump. McQuiken at Lethbridge a week ago.

The Legislature are the good shape for the home series, as Grimes is on the bench, and Benches and Harper are both nursing sore legs.

### RED DEER FAIR

A summer fair that will proclaim the productivity of Central Alberta will be held in Red Deer on July 25 to 28. Already the entries are far ahead of any previous year and if the weather remains favorable no doubt the show will be long odds the best ever held in the city.

The program of sports and attractions is first class and is as follows: Half mile pony race, 14 to 12 or under, running, best 2 in 3-1, \$15; 2nd, \$10.

Bona fide farmers trot or pace, open, running—\$5 for each quarter.

Four-mile trot or pace, one mile, best 2 in 3-30, \$20.

Quarter mile dash, open—\$12, \$8.

One mile dash, gentlemen's race, open—\$15 a silver cup, valued at \$5, which will be given as a prize.

The same to become the property of the person winning it two years in succession out of the same stable.

Conditions—6 per cent. entrance fee for all races, except gentlemen's cup race. Four to enter, three to start in all events. Entries close at noon.

Inside the above races, there will be all kinds of attractions going on all of each afternoon to entertain the public, such as sack work and trap and professional, crick and tennis.

A cricket tournament engaging all the important clubs in the province will be held. Play both afternoons.

Baseball—The champion amateur baseball club, the Victoria of Calgary, will play the Red Deer team on one of the afternoons of the fair.

A thoroughly up-to-date brass band

## 'SCONA CRICKETERS BADLY BEATEN

Edmonton Triumphs by Over 100 Runs. Four Players Did Not Bat.

With the exception of a slight shower early in the afternoon, ideal weather favored the first game of the annual fixture between Edmonton and Strathcona, at the exhibition grounds on Saturday afternoon last.

Winning the toss, Strathcona went to bat, sending in Lucas and Westley to face the bowling of Jones and Weaver. The wicket was playing gently in favor of the batsmen, but with 17 runs on Lucas was heartily taken at the wicket by Butler of a low ball from Jones. Spilled followed, but was caught at mid-off before he had an opportunity of opening his account. One and Westley got together and lively cricket followed, until Butler, who had relieved Jones, upset the S's stumps with a well timed ball.

Butler was not above to perform on Saturday after his long rail from home, but he felt himself today, and will, if opportunity permits, pull off some bargains at center during the rest of the season. Besides being a reliable fielder, he is a good batsman and can be expected to get away with a full share of the league's attention.

### DIS LEAGUE BASEBALL

National.

At New York: R.H.E. Chicago 12 to 4. Batteries: McInnis and Bower; Brown and King. At Brooklyn: R.H.E. Cincinnati 11 to 1. Batteries: Foster and Ritter; Hill and McLean. At Boston: R.H.E. Pittsburgh 2 to 0. Batteries: Wallace and Hart; Walter and Gibson. At Philadelphia: R.H.E. St. Louis 2 to 0. Batteries: Moran and Boon; Beebe and Noonan.

### At Chicago (first game): R.H.E. Chicago 3 to 0. Batteries: Wallace and Hart; Walter and Gibson. At Chicago (second game): R.H.E. Boston 4 to 0. Batteries: White and Hart; Peurifoy and Connelly. At St. Louis: R.H.E. St. Louis 2 to 0. Batteries: Moran and Boon; Beebe and Noonan. At New York: R.H.E. Detroit 6 to 0. Batteries: Donovan and Schmidt; Dyett and Craig. At Cleveland: R.H.E. Cleveland 0 to 0. Batteries: Liebhaf and Clarke; Smith and Heydon. Game called on account of darkness.

### At Newark: R.H.E. Buffalo 2 to 0. At Rocky Point—Province 4, Montreal 0.

### FAMILY OF BALL PLAYERS.

James Delahanty of Cleveland Has Five Sons Playing Fast Game.

Delahanty July 21.—James Delahanty of this city is father of more good players than any man in the United States. Six sons have won fame on the diamond four of them in the big leagues. Ed Delahanty was the greatest of all. He was with the Philadelphia club in the National League and was with the Washington team in the American League. He gained reputation as one of the greatest batsmen that ever played baseball. He died four years ago. His Delahanty resembles him a more striking resemblance to Ed than any of the brothers. He has played with Atlanta, Peas, Montreal, New Orleans, Worcester and Buffalo. For last two years he has been with the Williamsport Tri-State team. One of the hardest hitters in the league, he has been getting good work out of the Montgomery team, playing in Syracuse and was with the New York team before being traded to the Cleveland club.

Jim Delahanty began with Little Rock to Chicago Nationals, then to Boston, then to Cincinnati, and this year was sold to the St. Louis Browns, who later turned him over to Washington where he is now playing.

Ton Delahanty played with Toronto, Atlanta, Detroit and Seattle, and last year was with the Williamsport Tri-State team.

The youngest of the lot, Willie, has started at Oswego, N.Y. He is a promising youngster, and is expected to play for the team before he is many days older.

### LACROSSE.

The Edmonton Lacrosse team will play practice match with Strathcona on the latter's ground tonight, commencing at seven o'clock sharp.

A cricket tournament engaging all the important clubs in the province will be held. Play both afternoons.

Baseball—The champion amateur baseball club, the Victoria of Calgary, will play the Red Deer team on one of the afternoons of the fair.

A thoroughly up-to-date brass band

## OLDFIELD AT WINNIPEG.

Crack Motorist Breaks Canadian Mile Track Record.

Winnipeg, July 21.—Nine thousand people attended the auto race held here yesterday under the auspices of the motor club with Harry Oldfield, the champion chauffeur and his racing mate Noble, as stellar attractions. A series of events, in which they entered, were put on, and Oldfield also won two miles against the clock, in which he cut the Canadian record, formerly made by himself at Toronto, for the half mile, to 2 minutes 22 seconds. Noble, while competing in the handicap race, ran into the fence behind narrowly escaped injuries, and car turned end on, but did not catch fire.

### WEEK'S ATHLETIC FEATURES

Aquatic Sports at Jarametown Fair Will Be Premier Event.

New York, July 21.—To the amateur sporting world, the feature for the week that looms prominently in the championship aquatic carnival to be held on Thursday, Friday and Saturday at the Jarametown Exposition. All of America's best swimmers and divers are entered, including Chas. M. Daniels, of the New York Athletic club, the holder of many American and international records. Marjorie Schuyler, of the Missouri Athletic club; M. J. Hanley, of the Chicago Athletic club, who holds several championships, and Bartels, brothers of the Denver Athletic club.

### AUSTRALIANS LOOK LIKELY

Should Capture the Honors in English Tennis Tourney.

New York, July 21.—At Wimbledon, England, the Australian and play for the Dwight F. Davis International Tennis cup. The Australians will probably win the trophy for the Englishmen seem to be out of the race. There is some talk of offering another trophy if the cup goes to England, because it is thought it will be impossible to find players willing to make the long journey to the country in an effort to regain the cup.

### Record Does Not Stand.

New York, July 21.—The mark made by Matt McGrath in the 16.5 hammer throw at Celtic games last night, will stand as a record. The New York Athletic club, which is the event with a flying throw of 173 feet 11 inches, but subsequently measurements showed the hammer handle to be one inch over the regulation length of four feet. The record is 172 feet 11 inches, held by John J. Flanagan, of the Irish American Athletic club.

## LOCAL.

J. H. Morris returned this morning from a trip to Winnipeg.  
 At McDougall paragon this morning, Rev. E. E. Marshall united in matrimony Mr. Daniel W. Lewis and Miss Lou A. Wallace, both of Ipswich, South Dakota.

The City Commissioners will hold a Court of Revision on the Assessment Roll for the current year on Thursday, July 29th, at 8 p.m., in the Council chamber.

Rev. Mr. Campbell, who is in charge of the Galician school in Edmonton, will occupy the pulpit of Queen's Ave. Presbyterian church tomorrow, both morning and evening.

F. Riddell has returned from Macleod, where he was assistant of the special exhibition of Henry Haddon, a late Alberta College student, who takes charge of the Frank Miesner. Since the first of July licenses have been issued for 81 out of 100 estates in Edmonton. Last year there were over 100 offices, but this season there are some that have not yet taken up their licenses.

The Canadian Club will have a luncheon at the Alberta Hotel on Monday at 1:30 o'clock, when Justice Laundy of Dorchester, N. B., will be the guest of honor. All members of the club are requested to attend.

Mr. Jerry Smith, the well-known Independence farmer, is in the city today on the Imperial. He has 129 acres under crop this year and says that the prospects were never better for a record harvest both of hay and grain.

Mr. and Mrs. W. R. Killip, of Synclair avenue, were at home to a party of about thirty of their friends on Friday evening. Cards and refreshments were the feature, along with an excellent supper served shortly after midnight. A thoroughly enjoyable time was spent by all present.

Mr. McKay, of the R. H. McKay Co., returned to the city Friday after spending two months in New York. He states that crop conditions in Alberta look considerably better than anywhere else along the line. He enjoyed his stay in Gotham, but is glad to get back to Edmonton once more.

The Capital Mortgage Co. have vacated the store in the Opera House and now occupy their new premises at the corner of Jasper avenue and Fourth street. The Edmonton Printing & Publishing Co. have also moved into new quarters in the building at the corner of Rice and Howard streets.

Between fifty and fifty residents of Edmonton and district left on the Ottawa Old Boys' excursion to the Dominion Capital over the C. N. R. on Saturday night. They filled a special Pullman. Another sleeper was attached at Pellyville to accommodate a date a similar number who took the train there.

Mrs. W. V. Dey, entertained the Ladies of the Maccoches at her new residence on Bellamy street, Thursday afternoon. A delicious lunch was served and a pleasant afternoon enjoyed. A dance was planned for the Wednesday evening, July 28th. Final arrangements will be made at the regular regular Monday evening, July 28th.

The management of the Kevin theatre, which was destroyed by fire yesterday, announces that the performance of "The Chicago Tangle," which was called for this week, will be put on at the regular regular Monday evening, July 28th.

To the fact that the insurance adjusters have not yet approved the damage done to the opera house. The show will, however, open tomorrow evening.

Dr. H. R. Smith, who has interest in the case of the unfortunate German, Henry Opler, whose leg was amputated of both limbs by the knee, reports the result of 923 in subscription toward securing artificial limbs for the man. This amount was subscribed through the Bulletin. Lists were opened in other places, but as yet no other returns have been made. It will require \$10 to purchase the artificial limbs.

**AN OLD-TIME POW-WOW.**  
 On Saturday afternoon the space in the rear of Duncan, Dunn & Butler's store, at the corner of Jasper avenue and First street, presented a scene similar to those that were characteristic of Edmonton in the earlier years of its history.

About forty Stoney Indians and squaws from the Stoney Plain reservation came to the pow-wow, headed by Chief Jim, and after a procession in the vicinity of McDougall & Second streets, took up a position in the rear, where they entertained a crowd of two or three hundred people with the old-time pow-wow, including all the features that make this Indian interest an event of such unusual interest in the early days.

The visit to the city of the Indians of this time was the result of the payment of the treaty money last week. As the Indian custom is, the present was made to the chief man of the store where the trading is done. Mr. Butler was the recipient of a long pole to which were Indians twenty \$1 bills. In return for this gift the Indians expressed their gratitude to the Indians and other and they received tea, tobacco, sugar and other luxuries which make the yearly visit of the dusky tribes an event of such unusual interest in the early days.

The Indians are still in the city and have a camp along the C. N. R. track in the west end of the city. They will remain in town for several days while they enjoy the money they have received from the government.

## PERSONAL.

Mayor Griehsbach, who has been spending a few days at Galt, returned to the city this evening.

J. R. Ritz, a former general merchant at Wetaskiwin, who is on the lookout for a business opening in Alberta, spent Sunday in the city. G. B. Taylor, city electrician at Wetaskiwin, and N. De la Haye, of the same city, were at the St. James Sunday.

The case of Emilie Steinko vs. Mr. and Mrs. John Robertson and Walter Robertson, charged with assault, was before Magistrate Owens all this forenoon and will be continued tomorrow.

## SHOT FOR THEFT.

A misguided lynx, with a taste for sheep, was shot and killed on Sunday night, when a bullet from a rifle found lodgment in its carcase. This pursuing lynx had seriously damaged the heavy owned by Mr. Kallberg, who resides on the Strathcona side of the river. Mr. Lynx weighed less than a dozen lb. in two visits. His third visit, on Sunday, resulted in his death. Mr. Kallberg shot the animal as it was about to enter the coop.

## HELP IMMIGRANTS WITH GOOD ADVICE

Work Of Immigration Department of English Y.M.C.A. Conducted By W. Beecher Smith.

W. Beecher Smith, of Manchester, national secretary of the immigration department of the Y. M. C. A., is working in which Lord Kinnis and Lord Tennyson are concerned, and has addressed a meeting of men in the First Baptist church Sunday afternoon.

The Y. M. C. A. in England now helps with advice and good character and ability who want to come out to Canada. The association gives financial aid, but secure passage in the steamers in Canada, and provides the necessary introduction to people in Canada.

Mr. Smith's department is at present in communication with business men and farmers throughout Canada, apart from branches of the association. Last year 242 came out under the auspices of the Y. M. C. A., 290 of whom went on from the remaining 147 entering commercial life in all of these only three have subsequently reported that they regretted coming here.

Mr. Smith said that there were a great many false ideas about Canada, and that a great many of the people thought that the Y. M. C. A. was urging only the best class of people to come here. This is not the fault of the Y. M. C. A., said Mr. Smith. "The last people are coming because they know that they can better their conditions here, for that has been proved. Only those I met out of the men whom I sent over to England, and did a great many of the people thought that the Y. M. C. A. was urging only the best class of people to come here. This is not the fault of the Y. M. C. A., said Mr. Smith. "The last people are coming because they know that they can better their conditions here, for that has been proved.
